Dear MEAC Member Schools:

Responding to requests received from several MEAC accredited programs, MEAC has developed a new Continuity of Care Documentation Form to be used in lieu of the client charts for the applications of students in MEAC-accredited programs. This form has been accepted by NARM and therefore will now be required by MEAC for all students.

This new form contains the new NARM requirements for continuity of care.

Please note that the NARM applications office reserves the right to request verification (audit) of any information submitted with student applications, including charts of the continuity of care clients.

Please feel free to contact me if you have any questions or need additional information.

Sincerely,

Sandra Bitonti Stewart
