Note to newly preaccredited and accredited schools

Sustaining fees will be prorated for the remainder of the year that your school was initially accredited or preaccredited. For example, because sustaining fees cover one year from July 1 through June 30 each year, if your school is granted accreditation in March, you will be charged a prorated portion of sustaining fees from March through June of that year.

Please contact the MEAC office info@meacschools.org if you have any questions about this.

Annual Sustaining Fees

Sustaining fees are assessed every year, including the years in which reaccreditation fees are paid and the year initial accreditation is granted. Annual Sustaining Fees are calculated from a base fee with additional fees applied per enrolled student depending on the type of accreditation and services provided, such as degree granting and Title IV participation. The number of students used in the formula is based on the number enrolled* on December 31st of the previous calendar year. Sustaining fees are evaluated and adjusted for inflation annually.

**includes students taking a temporary leave of absence and part-time students.*

Sustaining Fee Schedule Effective July 1, 2021	Due Oct. 15, 2021
Base Rate for all accredited programs and institutions	\$3706
*Fee per student in an accredited <i>program</i>	\$81
*Fee per student in an accredited <i>institution</i>	\$137
*Fee per student at an institution that offers <i>distance or correspondence education</i>	\$23
*Fee per student at a <i>degree-granting</i> institution	\$82
*Fee per student in an institution that participates in <i>Title IV</i>	\$56

Example: An *institution* that is degree-granting and has 10 matriculating students (enrolled as of December 31 of the previous year) would pay **\$5896**. Note: this institution does not offer distance or correspondence education or participate in Title IV programs and therefore does not have to add those fees to its calculation. The calculation looks like this:

$$\$3706 + 10(\$137) + 10(\$82) = \$ 5896$$

Annual Sustaining Fees are due October 15 each year. A payment plan can be negotiated with the MEAC administration. Please contact info@meacschools.org.
